Dual Credit Enrollment Criteria and Expectation

(to be placed in Student's Permanent File)

Please initial next to each bullet that you have Read, Understood, and Agree to its contents. Both parent and student are required to initial each statement.

_____ I understand that I am responsible for the selection of my dual credit course (s). Further, I understand I am fully responsible for completing the requirements of my dual credit course(s). This may include attending dual credit class sessions and fulfilling requirements even when my high school classes are not in session.

_____ I understand I must provide a copy of my dual credit enrollment course schedule to my principal prior to the principal adding my dual credit course(s) to my high school schedule.

_____ I understand I must speak to the principal prior to dropping my dual credit course(s). If I choose to drop my dual credit course(s), I must notify my principal immediately so I can re-enroll in a class at my high school. Should I choose to pursue this dual credit class drop, I further understand that I am not guaranteed to earn credit in whichever class in which I re-enroll at my high school.

_____ I understand ALL dual credit enrollment grades will be entered on my high school transcript and will be calculated into my GPA and class rank.

_____ I understand that responsibility for the student belongs to his/her parent or guardian at times when the student is fulfilling responsibilities for dual credit coursework. (Example: The Deubrook Area School District is not responsible for notifying a parent of the student's failure to attend dual credit classes, complete coursework, or report a student's whereabouts during time designated on the student's schedule for dual credit coursework.)

_____ I understand that I am responsible for paying ALL fees and tuition billed to me by the institution in which I am enrolled in dual credit. This amount is subject to increase as the number of credit hours in which I enroll increase and for each academic calendar year.

_____ I understand that I am responsible for purchasing all books and supplies required for my dual credit course(s).

_____ I understand that if I intend to become certified by the NCAA clearinghouse, ALL of my core course requirements must come from the high school and cannot be substituted with dual credit classes. If I am seeking NCAA certification and I choose to pursue dual credit enrollment, I am enrolling in these courses at my own risk of not being certified by the NCAA.

_____ I understand that dual credit courses will not be a substitute for any class required by the SD Department of Education for graduation. (Example: English 101 may not substitute for the Senior English class)

_____ I understand there is a possibility my future college will not accept my dual credit grades/credits as transfer grades/credits.

_____ I understand there is a possibility my eligibility to obtain Student Federal Financial Aid and other student financial aid in the future may be impacted through my participation in dual credit coursework.

_____ I understand and hereby give permission for the institution for which I am enrolling in dual credit course(s) to release information to the Deubrook Area School District regarding my dual credit enrollment.

_____ I understand and hereby give permission to the Deubrook Area School District to release information to the State of South Dakota regarding my dual credit enrollment.
